CLASS TIME

- While blocks are 70 minutes, teachers have been instructed to limit video lessons to once per week to a maximum of 20-30 minutes.
- Students are not expected to be in those classes for 70 minutes but are given that time to use as they need for the practice work given by teachers.
- If teachers decide to do video lessons (this is not mandatory), they will decide which day of the week.
- Teachers will be available remotely (email, phone, google classroom, video call, etc.) during both blocks and any office hours they set on their own schedule.

REFLECTION DAY/HOUSE BLOCK

- The Ministry of Education has asked that schools keep attendance. House Block advisors will monitor this with an official check-in on Wednesdays.
- This is also a time for students to reflect on Core Competencies and complete e-portfolios and Career Capstones.
- Reflection day is also an opportunity for student practice, collaboration and also rest. Teachers will also use this day for collaboration and planning.
- **The first House Block will begin this Friday, April 3, 2020, at Noon to check in and address specific questions students may have. They will also be given the schedule above.**
